Re: The Use of RichGen Products

In my practice I have treated 55 patients in the last 5 months and my patients have had consistently successful results. My patients have experienced significant pain relief and improved joint and organ function from the regenerative effects from the RichGen products. The results are long lasting often without the need for a second treatment. Offering RichGen has helped me optimize my practice for the benefit of my patients and with significant increased cash flow into my practice. I would highly recommend RichSource.

Sincerely,

Jeff Lester, DO
